**SUPPLEMENTAL SUMMARY IN RESPONSE TO INTERVIEW SUMMARY RECORD**

Sir:

The Interview Summary Record concerning the interview on July 25, 2006, the summary having been mailed August 2, 2006, is accurate in that the Examiner indicated the claims of record would be patentable over the prior art of record. The Examiner indicated that the search would have to be updated before the application could be allowed. The undersigned looks forward to receiving the Notice of Allowance or further Office Action with any other prior art that may have been encountered during the updated search.

The Examiner had suggested to replace the word "support" with the word "mount." It is believed that such change does not change the scope of the claims or raise any new issue. Agreement on this point was not reached during the telephone interview.
